

Facility Services for the Hospitality/Entertainment Environments

Continuum Services operates at an optimal level of efficiency and effectiveness so all entertainment venues, including casinos, sport arenas, hotels and more are maintained at a functional, comfortable level, providing a safe and healthy environment for guests and staff. Continuum is your single-source solution for your facility's interior and exterior operations.

DID YOU KNOW, one of the most overlooked areas in an entertainment venue is the heating, ventilating and air conditioning system and its maintenance? CONTINUUM SERVICES has a full facility services team, including technical services staff, who can solve your energy management systems. Keeping your equipment on a regular predictive maintenance schedule offers many long term benefits, including reduced energy consumption, improved indoor air quality, reduced downtime and more. CONTINUUM SERVICES understands your success is based on the experience your customer has. In an industry where image is based upon bigger and brighter and the ability to socialize, facility services are not just about meeting production goal, but also image portrayal to the public.
